

Container-Traverse with handle bar

Load capacity: up to 18 t

Height: 260 mm

Art.-Nr. 92 000 226-T2

The container-traverse with twistlock fitting can be used for different types of transport trolleys

- Safe transport of ISO-container and special containers up to 18 metric tons.
- Containers can be moved with extremely low installation height.
- Compatible with all ISO containers.
- Lockable twistlock version to ISO dimension 2.26 m (not adjustable).
- Assembled in two parts for easy handling and storage.
- Optionally a trapeze drawbar can be adapted.
- The dimension of the traverse is within the container contour.
- The load is firmly connected to the chassis and can be completely loaded.

These combinations are possible.
