

JLB 24 S with JUWathan®

Load capacity: 24 t

Height: 125 mm

Art.-Nr. 05 242 090-V

Advantages of transport trolleys

- Pivoting cassettes and axles within the frame (except for JLB 16 S) assure even pressure distribution across all castors and across the floor.
- Slim castor design (60 mm fitting length) results in easier steering due to reduced friction forces also in curves.
- Very low height at only 125 mm, with high capacity and less own weight.
- All transport trolleys are ready for use: the steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar (as shown in picture). The adjustable-width transport trolley consists of two transport units and connecting bars.

Here you find an [application video](#).

Technical data

Title	Unit	Data
Load capacity	kg	24000
Number of castors	pcs.	24
Castor dimensions Ø x Fitting length	mm	90 x 60
Height	mm	125
Supporting surface of turntable Ø	mm	215
Steerable Dimensions	mm	580 x 1165
Handlebar with pulling eye	mm	1480
Weight with JUWathan® ? steel	kg	124
