

JUWathan® plus series G

Load capacity: 1,25 t

Art.-Nr. 95 050 047-V

Advantages of the JUWathan® castor design

- The coating is molded around a steel core. Two precision ball bearings are pressed into the steel core.
- JUWathan® plus castor design: Based on the JUWathan® castor, the JUWathan®-plus castor has an improved coating material and a more advanced construction. An aluminum core replaces the steel core for easier handling at the same strength. A polyurethane based coating material is bonded around the aluminum core. This construction reduces the rolling resistance and weight by nearly 30 percent.
- We grant 5 years of warranty on operability of our wheels except improper use or normal abrasion.

Technical data

Title	Unit	Data
Load capacity	kg	1250
Outside diameter	mm	140
Inside diameter	mm	35
Fitting length	mm	59
Weight	kg	1,85
